OIL LAND LEASING BILL

Republican capacity for legislation is shown in the recent enactment by Congress of the oil land leasing bill. During the entire eight years the Democrats were in control of the Houses and the six years they held command of the Senate ineffectual attempts were made to enact a measure that would release for development some of the vast natural resources of the West, such as oil, gas, coal, phosphate, and sodium. Sometimes the bill passed one House and sometimes the other, but never in all that period were the Democrats able to get the measure enacted into law. It took the Republicans but a few short months to put it up to the President for his approval.

Some "scare-line" writers compare the dissatisfaction of the Iron County residents up in Michigan, who are said to be against the enforcement of prohibition, with the whiskey insurrectionists of Western Pennsylvania in 1794. This is hardly a fair comparison. There was no objection on the part of the government to themaking of liquors in 1794—all it wanted was the excise tax. Those people up in Michigan appear to want the "real stuff" without paying tax and without consent of law.

The Strangest Marriage on Record

Or their wedding night he said—

"You shall never be a mother—never know the touch of a baby's hand. I married you not because I love you but because I hate you and all your family.

Imagine the husband of a beautiful woman starting his married life that way—

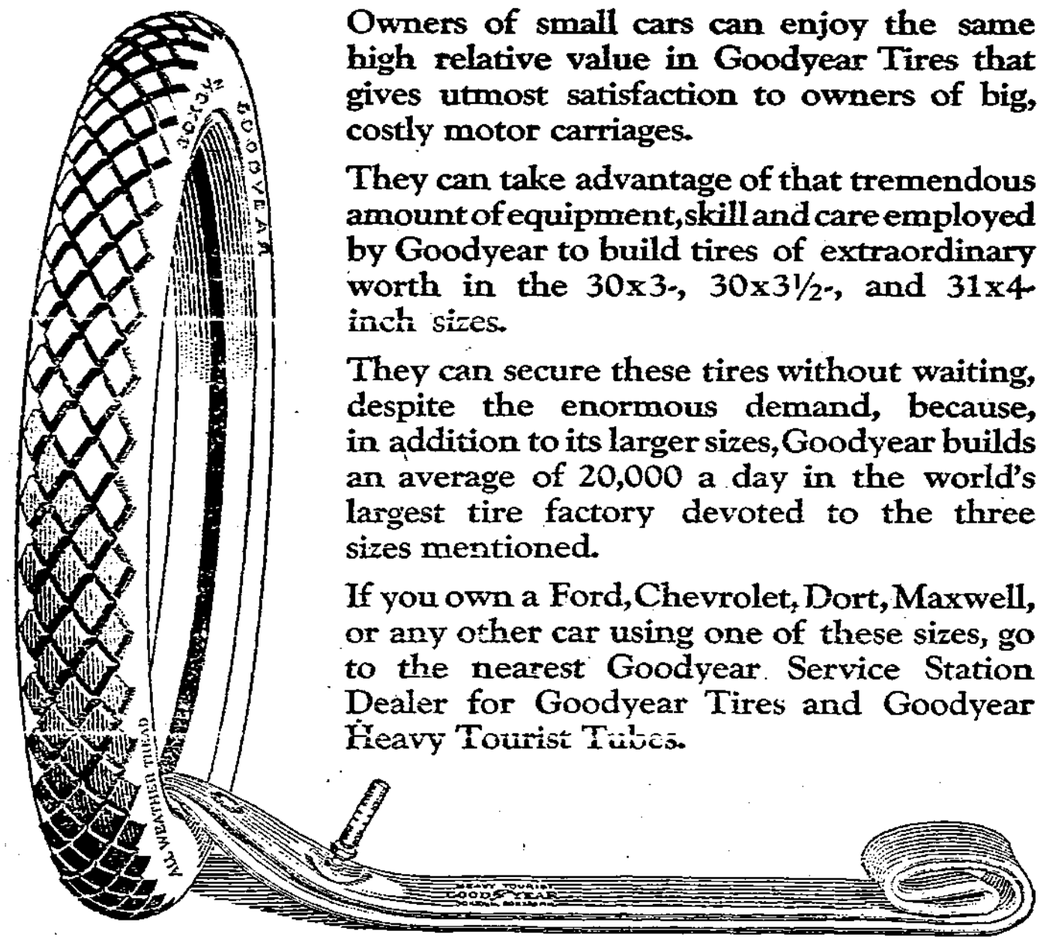
The World's Largest Tire Factory
Building 30x3, 30x3½ and 31x4-inch Tires



Owners of small cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30x3-, 30x3½-, and 31x4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag*..... $3.90

HIS PERSONALITY

was so great and affection for him so marked, that his birthday was publicly celebrated for years before his death.

So it is written of Washington.

Few men, and they supremely great may receive this high honor, a birthday nationally observed.

We cannot all be famous, but we may all be honored. The nearer we approach the character, the unselfish spirit that made Washington's personality what it was, the wider grows our circle of friends.

THE CHARLEROI MAIL

VOLUME XX—No. 224. CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA. THURSDAY, FEBRUARY 26, 1920 TWO CENTS

BELIEVE THEY HAVE ARRESTED LEADER OF A THIEVING BAND

State Police Pick Up One Whom They Think Will Solve Robberies

SOME GOODS ARE RECOVERED

It is believed that the mystery surrounding the numerous robberies which have taken place in this section of the county during the past few months has been solved, and that the leader of the gang has been run down and is now safe behind the bars, waiting trial in the Washington county courts.

On Wednesday Sergeant Estes Jimcouskey of the State Police, and Constable Wayne Richardson of Bentleyville, arrested one Robert Tyree, colored, aged 33 years on a charge of attempting to gain entrance to the store of Joseph Kossis of Bentleyville and in his arrest they believe they have the ringleader of the gang which has been operating with such success in this district.

Tyree is described as a negro burglar and New York gunman. He seems to have been in this section for some time and surrounded himself with a gang which has been active in many robberies. His identity was discovered when Sergeant Jimcouskey made a search of the home of Joseph Coleman, also colored, at Gallatin, where a quantity of goods taken from the hardware store of Vernon & Hornbake of Donora were found; also a number of pawn tickets which showed that goods had been pawned in New York. A visit was made to the big city and the goods recovered, and here it was learned who was pawning the goods.

Tyree is accused of having entered the garage of the Ridgley Motor company in Donora a short time ago and taking a new Dodge truck. Using the truck and accompanied by confederates he robbed the coal company office at Isabelle, taking the safe away from the place and looting it. Tyree is alleged to have been implicated in seven different robberies and is being held on four charges.

The State Police also arrested Henry Wiley and Miss Cleo Washington, who are being held as accomplices of Tyree. Coleman was not held because of a lack of evidence.

Tyree is rescribed as a "high flyer" in colored social circles. He was presumably employed in the American Steel and Wire company plant at Donora, but from evidence now at hand he appears to have frequented Bentleyville, Marianna, Cokeburg and many other points in the county, and officers are of the opinion that he and his gang have had a hand in practically all of the robberies that have taken place within recent months in this section.

NEW RULING MADE ON AUTO SPEEDING

It is practically impossible for one person to obtain the accurate rate of speed of an automobile over a measured course unless he were on some other vehicle following the speed violator, the atorney general's department ruled at Harrisburg on Wednesday. Inproceedings brought against violators testimony of two witnesses is required in cases where a motor vehicle is being timed on a certain stretch of highway or a trap, but state or local officers using other machines can individually make complaint and secure convictions, the opinion said.

REVOLVER DUEL ENDS IN MURDER

Walter Burden, aged 47, died in the Memorial hospital at Monongahela, Tuesday night, as the result of bullet wounds received in a gun battle with Samuel Gordon, also known as "Republic Sammy," at the Cokeburg railroad station last Thursday night. Coroner William Greenlee was notified and took preliminary steps for holding an inquest.

Burden was twice wounded in the duel, which was said to have been the result of a quarrel over $70. Burden and Gordon are said to have been in a poker game, the latter winning, but was forced to part with the money at the point of a revolver.

When Burden and Gordon met at the railroad station Gordon is declared to have demanded that Burden gave him back the money. This Burden refused to do and revolvers were brought into play. Several shots were fired, Burden being felled by bullet wounds in the left arm and in the abdomen. Gordon fled, but a hastily organized posse traced him to a house which was surrounded. Gordon, however, managed to escape and has not been found.

ASK POLICE TO FIND AUTO DRIVER

Coroner William Greenlee was in Monongahela on Tuesday, where he held an inquest to ascertain the cause of death of Pentro Bomeneglini, who was found fatally injured last week on the brick road near the power house in New Eagle. The man was removed to the Memorial hospital, where he died.

The jury which held the inquest returned a verdict of death due to being struck by an automobile, the owner and driver of which is unknown. The recommendation was that the police of New Eagle borough make an effort to locate the driver of the machine and to wage a crusade against persons operating motor vehicles in the borough without the proper lighting, which is violation of thestate law.

Steamer Has Narrow Escape From Going Over Lock No. 6

A very exciting incident, which might have had more disastrous results, occurred at Lock No. 6 early Wednesday morning, and will likely entail the loss of two barges and the coal with which they are loaded. The accident was one of those unexpected affairs, but was one which is faced by every steamboat on the river.

At 6 o'clock yesterday morning the steamer Crucible, with six loaded barges in tow, all owned by the Crucible Fuel company, was on the way to the Pittsburg harbor. While approaching the upper entrance to Lock No. 6 the high river and swift current swung the steamer and tow outside the ice breakers and swept them onward to the comb of the dam. By quick work the crew cut the steamer loose from the tow and thus the boat was saved, but the tow was carried forward by the swift current and the two head barges pushed out over the crest of the dam, where they now hang, and from which position it will be impossible to rescue them. The other four barges were saved, but with a falling river the two remaining barges will likely be a wreck, while the contents will in all probability be lost with the boats.

No blame is attached to the crew for the accident as it was one of those unexpected incidents likely to arise at any time, and is considered one of the risks of navigation. The crew was indeed fortunate in being able to save the steamboat, which could hardly be duplicated at this time for a sum less than $75,000.

"THE BELOVED CHEATER" AT THE COYLE THEATRE

A beautiful girl who does not believe in kissing—two men—then the girl is kissed in the dark and she finds that kissing is not so bad after all, but—who is the man? This is the unusual theme of the Robertson-Cole Special, "The Beloved Cheater," which features that ace of hearts, Lew Cody, which appears at the Coyle Friday and Saturday. Lew Cody has never had such an opportunity to display his versatility and the production is remarkably produced under the master hand of Wm. Christy Cabanne, who is responsible for a long list of screen successes.

REHEARSING FOR "THE WISHING RING"

With the arrival in town of Miss Edith Carr, rehearsals were begun for the presentation of the "Wishing Ring" which is to be given for the benefit of the "Near East Relief."

The producer began at once the classification of children and young men and women and last evening met with the principals at the Fifth Street School Building where rehearsals are bein held.

The principals of the cast and the groups have been practically decided upon and will be announced in the near future.

The cast is large, numbering atleast 175 and the training of so large a number naturally involves a great deal of difficult work. Those in charge, however, are really enthusiastic over the talent here and feel sure that the production when staged will be the best thing along an amateur line that Charleroi has ever witnessed.

Miss Carr expressed herself as well pleased with the outlook, and feels every assurance that the production is going to be a profound success.

A complete list of the committees, chaperones and cast will be announced later.
